CLEANIAC is a symbol of community pride, involvement and personal responsibility.

Understanding the Basics

There are basic responsibilities that all property owners and/or tenants should understand when it comes to maintaining their property.

City Nuisance Codes:

Keep grass cut and eliminate weeds. Growth should not exceed 10 inches. (Sec. 21-59)

Keep your sidewalk free of snow and ice. (Sec. 21-6)

Ensure that vehicles parked outside are operable, licensed and not parked in your front yard. (Sec. 21-61.14 & 20-248)

Store garbage in a watertight container with a cover so that garbage does not blow onto your neighbor's property and remove garbage on a weekly basis. (Sec. 13)

Keep your property free of junk, debris, scrap metal, tires, furniture, or any item that is a health & safety hazard or is offensive to the senses. (Sec. 21-61.17)

Marshalltown recently adopted general property maintenance codes which apply to all buildings in the City. (Sec 21-100)

City Property Maintenance Codes:

Buildings must be maintained so they are weather and water tight and free of excessively peeling paint, holes, or other defects.

All buildings must maintain a standard exterior finish.

Properties must maintain an acceptable ground cover to prevent erosion.

Fences and retaining walls must be structurally sound and straight.

Properties should be free of piles of mud, dirt, gravel and other debris.

Roofs must be maintained to prevent deterioration and be of permanent material.

Handrails and guardrails must be maintained in good condition.

Exterior doors must be secure and in good condition.

The above items are referenced from the Marshalltown Code of Ordinances and are not a complete list of city codes.
