Welcome

Meet in the Middle

Marshalltown is a vibrant community, located in the heart of central Iowa and nestled along the Iowa River Valley. It's conveniently located at the intersection of U.S. Highways 14 and 30, just minutes from Iowa Highway 330, U.S. Highway 20 and Interstates 35 and 80. Our community has a small town feel, yet is a vital part of a broader global community.

Whether planning a conference, meeting, wedding, family reunion, military reunion or simply meeting friends halfway, Marshalltown is the ideal location to "Meet in the Middle". Let the Marshalltown Convention & Visitors Bureau (MCVB) help you find the perfect venue to create memories. Contact us at 1-800-697-3155 or visit our website for more information at marshalltown.org/visit.

Travelers from all over the world enjoy the amenities and world class differences that the Tremont offers.

"The Tremont On Main~what a wonderful surprise! We stayed there at the end of a long stretch of touring and hotel stays in different areas around the USA. We felt so pampered during our stay in Marshalltown. JP and Jennifer, the hotel owners, were gracious hosts. The rooms, halls, and common areas are impeccable and stunning, with all modern conveniences and updates. The bed in my room was extremely comfortable, and I slept very soundly every night. The restaurants below the hotel had very friendly staff and delicious food. If I ever find myself heading anywhere near Marshalltown, IA again, I will know exactly where I will book my reservation. I highly recommend this place, this beautiful boutique hotel outshines any chain." ~~Korine F. Browns Point, WA

Lennox Industries

is a intercontinental company. Through its subsidiaries, it is a provider of climate control products for the heating, ventilation, air conditioning, and refrigeration markets around the world. The Company was founded in 1895, in Marshalltown, by Dave Lennox, the owner of a machine repair business for railroads. He designed and patented a riveted steel coal-fired furnace, which led to numerous advancements in heating, cooling and climate control solutions. Today the company is focused on three core businesses: Residential Heating and Cooling, Commercial Heating and Cooling, and Refrigeration.

THE WORLD LEADER IN PROCESS CONTROL TECHNOLOGY

Emerson designs, manufactures, installs, and services Fisher™ products that control the flow of liquids and gases. As the world's leading supplier of control valves and instruments, our products can be found in paper mills, chemical plants, refineries, electrical generating stations, oil and natural gas fields, and a host of other process plants around the globe.

Fisher technologies are propelled by Emerson's passion to increase customer process safety and efficiency and have led the industry for more than 135 years. Our employees, especially here in Marshalltown, contribute to the quality, growth, differentiation, and versatility of Emerson.

We're sure you'll enjoy Marshalltown and encourage you to become part of the most innovative community in all of Iowa!
