MEMBER SPOTLIGHT

Guiding Star Marshalltown

Guiding Star Marshalltown was established in June of 2020 by founders Mark and Mary Mauk, and Linda Jacobs. The founders and original board members were passionate about increasing awareness of natural fertility and family planning as well as the risks of artificial hormones. After researching various organizations in the area, they decided to affiliate with the Guiding Star Project in December of 2019. In 2021 Lindi Trowbridge was hired as the Executive Director to lead the organization. They currently have four employees and over 45 dedicated volunteers, partners, and board members.

They offer services such as, Fertility Education for achieving or avoiding pregnancy naturally, Pregnancy and Postpartum Support/Classes, Breastfeeding Support, Miscarriage Support, Support After Abortion, Puberty Educational Workshops, Mother/Daughter Classes, Father/Son Classes, Intro to Hormones, Menopause Class, Nutrition and Lifestyle Class, and Parenting and Family Life Classes/workshops. One very unique thing about all Guiding Star Centers is the fact that they offer a kid-friendly, safe space for child watch (this is free of charge) while parents enjoy a class, support group, or any type of appointment.

Executive Director Lindi Trowbridge stated “Because of the closure of the Marshalltown OB/GYN group, we see a huge need for quality local women’s healthcare. This allows us to help those expecting mothers with some of their pre and post-natal care through many of our support groups/classes. We are blessed with a dedicated and encouraging community of donors, clients, and supporters here in Marshalltown.”

At Guiding Star Marshalltown everyone is welcome through the doors. Guiding Star looks forward to serving you with compassionate care and service.

What is your “one thing” you want to accomplish with your business in 2024?

Let’s talk about business planning....What is your “one thing” you want to accomplish with your business in 2024?

Would you like to hire more employees...or maybe even your first employee? Would you like to add a product line to your inventory? Would an additional revenue stream be beneficial to the bottom line? Are you contemplating a second location or buying a building as your next step?

Whatever your “one thing” is, Iowa State University SBDC can help you think about what it looks like to take that step through business planning. ISU SBDC recommends and counsels in partnership with a web-based business planning program, Live Plan (partners.liveplan.com/iowa-sbdc). The program is user friendly. It syncs with Quick Books. It can easily help businesses explore the financial feasibility of the “one thing”. The program can, also, help prepare business owners to meet with lenders, if additional financial backing may be necessary to accomplish the growth.

Business planning is a great exercise to look at the “one thing” objectively, whether the business is preparing to launch, celebrating its 100th anniversary, or dancing somewhere in between. Business planning, removes the mystery of feasibility. Planning can provide businesses information necessary to take the steps to move from dream to goal. Conversely, if the “one thing” isn’t currently a healthy move for the business, planning helps an owner understand why. Positively, after completing the exercise, planners are armed with information to move along and pursue the “one thing”, or to instead ponder a new “one thing”.

ISU SBDC is here to work with you. Our services are without cost and confidential. How can we help? Let’s get a conversation going. We can be reached through a click or a call. The fastest method to connect with us is to visit iowasbdc.org, select the request counseling button, complete the electronic form and choose Iowa State as your center of choice. Call us at 515-296-7828 or, ask a Chamber official how to reach us and they will point you in our direction.
